

EUROPE IN THE SPRING

EXPLORE

7th Grade

**ACADEMIC RIGOR.
EXPERIENTIAL LEARNING.
MEANINGFUL FRIENDSHIPS.
LIFELONG MEMORIES.**

Field Trips

New York City in the Fall. Europe in the Spring. Multiple eco-focused day trips to explore Florida's flora and fauna.

Immersion, history, and culture merge to create an experience like no other, helping to shape open-minded, global citizens.

Academics & Enrichment

Challenging electives allow students to explore their passions in visual media, finance & investments, debate, and so much more.

Advanced mathematics, science, and language ensure our students are prepared for the rigors of high school - and beyond.

Bonding & Events

From "Survivor Games" to Improv, to a grade-level celebration of Dia de Los Muertos, our seventh graders have a bond closer than family.

New Electives & High School Credits

Debate, Theatre 1, Mock Trial, Visual Media, and Studio Art allow students to dive deeper into their passions.

Students can also start earning credits toward high school with Algebra I and Spanish 1B.

Leadership Opportunities

Our middle schoolers can help shape and design their vision of the ideal after school clubs and enrichments by proposing their own clubs to administration. This not only fosters their passion and interests, but allows them to take initiative in designing the middle school experience they want.
